Site establishment works - Arncliffe

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. For more information, visit westconnex.com.au/NewM5.

In preparation for the start of construction for the New M5, over the next four months, a construction site will be established at the Kogarah golf course to support construction of the tunnels and motorway operations complex. The entry point to the construction site will be located off Marsh Street.

A map showing the location of the site is provided overleaf.

Site establishment works

Establishing the construction site will involve:

- levelling ground and trimming and clearing vegetation
- installing temporary noise walls, hoarding, access gates and utility services including power, communications, water and sewerage
- constructing internal access roads, car parks, entry gates and temporary shared paths
- delivering and installing temporary buildings, such as site offices, workshops and storage facilities
- undertaking geotechnical and environmental drilling and surveying
- monitoring water quality and noise and vibration levels.

Equipment used throughout the works will include trucks, chainsaws, lighting towers, concrete cutters, generators and excavation and boring equipment, cranes, compressors, pumps and mulchers. Every effort will be made to minimise the impact of work on nearby residents and businesses.

Work hours

Site establishment works will generally be undertaken **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**. There will be no work on Sunday or public holidays, unless notified otherwise.

Night works will be intermittently required for the safety of workers and motorists and will be undertaken **between 8.00 pm and 5.00 am from Sunday to Thursday**. Residents and businesses impacted by night works will be notified prior to works commencing.

Night works over the coming weeks may include:

- Services connection along Marsh Street
- Oversize deliveries to site.

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.

Temporary traffic changes

Temporary traffic changes will be required to safely complete the works. Traffic control and signage will be in place to guide motorists, pedestrians and cyclists through any changed traffic conditions.

For more information

If you have any questions about this work, please call toll free 1800 660 248 during office hours (8.30 am to 5.00 pm, Monday to Friday) and ask to speak to a member of the New M5 community engagement team. You can also subscribe to receive email updates at westconnex.com.au/subscribe.
